

DESIR Meeting 20/11/2013, 10-16h

Morning: 10h - 12h30

- Welcome (B.B. & JC.T)
- Global DESIR schedule after strategy change (H.S. & JC.T.)
- Beam cleaning for DESIR: Installation of SHIRaC+HRS (L.S.)
- New constraints for the DESIR hall (L.S.)
- DESIR hall construction planning (JC.T.)
- DESIR beam lines: study, design, schedule (L.P.)

Afternoon: 14h - 16h

- DESIR beam line height in the DESIR hall: final decision (B.B. & all)
- LUMIERE to clean and polarise beams (G.N. & M.B. & D.Y.)
- Installation of equipment in the DESIR hall: which rules? which needs? safety and security constraints? Status of each set-up (JC.T. & B.B.)
- General discussion: need for new physics workshop? Update of LOIs with real intensities? (B.B)
- AOB
